## SCIOX Super High 86H 24V

### OVERVIEW

SCIOX is now compatible with 12V OR 24V machines!

Select the correct option for your machine from the Drop-Down menu below.

The new multi-sector 24V seat is suitable for machines in Construction, Agricultural and Material Handling, offering air suspension and a range of comfort features including heater and lumbar. The SCIOX Super High 86H is a 24V high back seating option suitable for a wide range of construction machines including excavators, wheeled loaders and more.

The seat is fitted with operator presence sensor and damper, putting user safety and wellbeing first. Comfort features also come as standard on this seat including heater and lumbar.
